The screenshot shows a presentation slide with a dark grey header bar containing the word "Luce" in white. Below the header, the word "Luce" is repeated in a teal color. The main content area features a diagram consisting of a light grey rectangular box with the word "Luce" inside it, and another "Luce" text label positioned to the right of the box.

Diagram illustrating the first iteration of the merge sort algorithm. The array [1, 2, 3, 4, 5, 6, 7, 8] is split into two halves: [1, 2, 3, 4] and [5, 6, 7, 8]. The left half is further split into [1, 2] and [3, 4], and the right half into [5, 6] and [7, 8]. The process continues until individual elements are reached.
