## WYRD TECHNIQUES

## WYRD TECHNIQUE

- ☐ **Augment Duration**  
Extend the duration of a spell, without increase in spell level or casting time.
- ☐ **Augment Precision**  
Reroll a spell's attack roll.
- ☐ **Ignore Environment**  
Always succeed at concentration checks.
- ☐ **Increase Caster Level**  
Increase caster level for the next spell by up to half your Wyrddcaster level.
- ☐ **Speed Casting**  
Cast one spell using a metamagic feat, without increasing its casting time.

## DRAWBACK

Concentration check to keep the spell active:  
DC = 20 + spell level + augmented spell level

For a number of rounds equal to the spell level, reduce AC by the spell level.

For a number of rounds equal to the spell level, provoke attacks of opportunity when casting any spell.

For a number of rounds equal to the spell level, provoke attacks of opportunity when casting any spell.

For a number of rounds equal to the spell level, all spells take additional time as if cast with the metamagic feat.

Stufe  
4

- ☐ **Drain Arcane Reserve**  
Drain points from your Arcane Health to take your hit points back to zero.

Cannot use again for 1 hour.

**ARCANE HEALTH**

### Stufe 3

$$\text{Arcane Health Points} = \text{Zauber Level} \times \text{Wyldcaster Level}$$

Sacrifice a spell slot to gain temporary hit points. These points can only be used to absorb spell damage. They disappear when you rest or fall below 0 hit points.

### Arcane Health Pool

## ARCANE LUCK

## Stufe 6

$$\text{Insight Bonus} = \text{Zauber Level}$$

Sacrifice a spell slot to gain an insight bonus to one saving throw or skill check.  
May only be used once per round.

Stufe  
9

Apply your Arcane Luck ability after the roll has been made.
